Announcement

Global Alliance, USC Canada to host side-event “Co-creating Solutions for Agricultural Biodiversity” at Convention on Biological Diversity COP13

6 December 2016 (Cancun, Mexico) – On Monday, December 12, 2016, the Global Alliance for the Future of Food and USC Canada, along with co-sponsors SwedBio at Stockholm Resilience Centre, African Centre de Biodiversity, Asociación ANDES, ETC Group, MELCA-Ethiopia, will host a dynamic panel “Co-creating Solutions for Agricultural Biodiversity: In Farmers Fields and at the Policy Table” as part of the Convention on Biological Diversity COP13.

This dynamic session will bring together private sector, civil society, farmers’ organizations, donors and governments in order to explore the strategies, opportunities and challenges for placing agricultural biodiversity at the centre of international negotiations relating to food and agriculture (CBD, CFS, UNFCCC, FAO, Agenda2030, IPBES, etc), and beyond.

Session #1920 – Co-creating Solutions for Agricultural Biodiversity: In Farmers Fields and at the Policy Table
Monday, Dec 12, 2016
6:15 pm – 7:30 pm
Universal Building, 2nd floor, Multipurpose Room

Attendance is open to CBD participants.
Translation will be provided in Spanish and French.
